TALK

“Plug and Play single photon sources: the path to secure quantum communications using III-V semiconductors”

SPEAKER

Benito Alén

Científico Titular IMN-CSIC
Founder and CSO of g2-Zero SL

PRESENTER

Fernando Luis

Profesor de investigación
Instituto de Nanociencia y Materiales de Aragón (INMA), CSIC-Universidad de Zaragoza

g2-Zero develops ultracompact, purely electrical, vibration resistant and alignment free **Semiconductor Quantum Light Sources** for the emerging quantum communications and computing markets. Our sources are based on CSIC's proprietary and patented designs.
