Developing competencies for new virtual and blended modalities of international collaboration

TRAINING MODULE FOR HIGHER EDUCATION TEACHERS AND STAFF

The INVITE Erasmus+ Project has developed a training module for Higher Education teachers and staff to promote the activation of virtual and blended international learning activities, including COILs, BIPs, and international collaborative modules.

OBJECTIVES

- Enabling Higher Education teachers and educators to design effective international virtual and blended environments
- Provide mechanisms to promote international virtual and blended programs

TARGET PARTICIPANTS

- HE teachers and educators (including young researchers, PhD students, etc.) interested in developing digital international teaching and learning activities
- HE staff (including institutional advisors, educational developers, technical or administrative staff) interested in creating international bridges among institutions and supporting teachers and/or students in the development or implementation of digital international activities

TRAINING MODALITIES

- Fully virtual course
- Introduction synchronous meeting (April 11, 2024, h 17-18 CET)
- Asynchronous interactive activities
- Assessment and certification

OPPORTUNITIES

- Interaction with international colleagues
- Guided development of digital learning activities
- Training on innovative learning approaches and tools
