---	---	---

Resolution of 13 December 2024 of the University of Zaragoza calling for a public tender for the recruitment of 3 Predoctoral Researchers in Training under a predoctoral contract (Article 21 of Law 14/2011 of 1 June 2011 on Science, Technology and Innovation, as amended by Article 19 of Law 17/2022 of 5 September 2022).

Funded by the Vice-Rectorate for Scientific Policy. PI-PRD/2024-003 (UPPA-UNIZAR)

The University of Zaragoza (UNIZAR) and the Université de Pau et des Pays de l'Adour (UPPA) have agreed to offer 3 contracts each for the realization of doctoral theses in cotutela.

In the award of the contracts, the diverse representation of the different UNITA Hubs will be given priority, so that no more than one contract will be awarded by Hub (unless all the requests corresponded to one or two hubs, in which case it will be ensured that there is at least one contract for each hub).

The candidate must indicate in the application the Hub in which their thesis project is included, which must be one of the following:

- Cultural Heritage.
- Renewable energies.
- Circular Economy.
- Digital transition.
- Global Health.
- Inclusive societies.

Candidates will be sorted by score within each Hub, and the three best rated candidates of the total will be selected, applying the criterion of awarding a single contract by Hub with the exception indicated above. The characteristics of the contract will be those that correspond to this type of contract in each university. This call corresponds to the three contracts offered by the University of Zaragoza.

Call of strategic nature within the Own Program of R+D+i of THREE places of:

PREDOCTORAL RESEARCHER IN TRAINING

Authorized recruitment by this Rectorate, we proceed to the call for the positions indicated in Annex I to this letter, in which the characteristics of the same are specified.

This call is regulated by the General Rules of the calls for recruitment that will govern the procedures established for the incorporation to the University of Zaragoza of researchers with employment contracts of the specific modalities of Law 14/2011 of 1 June, amended by Law 17/2022 of 5 September, approved by Mr Rector Magfco. of this University by Resolution of 22 May 2019 (BOA No 110 of 10 June 2019). ANNEX V

REQUIREMENTS FOR APPLICANTS AND DOCUMENTATION TO BE PROVIDED (ART. 2 GENERAL BASIS)

To be admitted to the competition, applicants must meet the requirements on the date on which the deadline for submission of applications ends.

2.1. Generic requirements:

2.1.1. The minimum required qualification indicated, in accordance with the specific requirements set out in the call.

In the case of qualifications obtained abroad, it must be proven that you are in possession of the corresponding validation or the credential that accredits, where appropriate, the homologation to the corresponding Spanish official title or equivalence to qualification, or recognition for professional purposes. In the event that the qualification is not approved or recognized at the end of the deadline for submission of applications, this requirement may be replaced, provided that the qualification is presumed by the convening body as equivalent to that required in the call, by that of accrediting having begun the process for approval, equivalence to qualification or recognition, terminating the contract if the competent authority resolves its refusal, understanding that there is denial when it is conditional on compliance with certain requirements, as long as they are not met, or in the case of withdrawal of the person concerned or expiration of the procedure. A resolutive condition in this regard will be expressly included among the clauses of the contract.

2.1.2. They must meet the other general requirements for access to public employment, regulated in Articles 56 and 57 of Royal Legislative Decree 5/2015, of 30 October, approving the consolidated text of the Law on the Basic Statute of Public Employees and, in addition, in relation to nationality:

- a) Have Spanish nationality or that of a Member State of the European Union or national of those States to which, under international treaties concluded by the European Union and ratified by Spain, the free movement of workers applies in the terms in which it is defined in the Treaty establishing the European Community
- b) The spouse of Spaniards and nationals of other Member States of the European Union may also participate, provided that they are not legally separated, and their descendants and those of their spouse provided that they are not legally separated, are under twenty-one years of age or over that age dependent on them, which must be proven.

The benefit of subparagraph (b) shall also apply to family members of nationals of other States where this is provided for in the International Treaties concluded by the European Union and ratified by Spain.

- d) Foreign nationals of countries not included in the previous letters, even if they do not reside in Spain, provided that they possess the required qualification. In these cases, the hiring will be conditioned on obtaining the privileges required in the regulations on foreigners.

2.1.3. Have made the payment of the amount corresponding to the public price in force at the time, by way of training costs of file, in the manner indicated in section 2.2.c) of this call. The specific amount will be indicated in the corresponding call.

The following shall be exempt from this fee:

- a) Persons with a degree of disability equal to or greater than 33 percent, must accompany the application certificate accrediting such condition.
- b) Large families within the meaning of Article 12(1)(c) of Law 40/2003 of 18 November 2003 on the Protection of Large Families. Special category family members shall be entitled to a 100 per cent exemption from the levy and to a 50 per cent bonus for general category family members. The condition of large family will be accredited by means of the corresponding updated title.
- c) Victims of terrorism, if proven by a final court judgment or by an administrative decision recognising such status.

The payment of the rights of examination or, where appropriate, the justification of the concurrence of any of the causes of total or partial exemption of the same must be made within the deadline for submission of applications. Otherwise, the applicant will be excluded.

2.2. Documentation to submit for admission to the competition:

Interested persons must submit the documentation organized in separate blocks, as follows:

Block I: Request to participate in the official model.

Block II. Administrative documentation for admission to the competition:

Photocopy of the national identity card or passport; in the case of citizens of the European Union, a certificate of registration of a citizen of the Union, together with a photocopy of the passport or identity card of their country, and in the case of foreign students, a photocopy of the resident card.

- b) Photocopy of the university degree required in the call or the academic certification, where there is an express indication of the date on which the degree was obtained. In the case of foreign university graduates who require the homologation of their degree, they must present a document accrediting the homologation, equivalence of the degree or recognition or, where appropriate, a document accrediting having initiated the process for homologation, equivalence or recognition.
- c) Proof of the corresponding payment for each application for the formation of a file (income / transfer in the current account 2085 5202 78 0332168326 of Ibercaja, c / Fernando el Católico number 35, 50009 Zaragoza. If the deposit or transfer is made from outside Spain, the following data will be provided to the bank or entity where the transaction is made: international code of this bank account or IBAN: ES86 2085 5202 78 0332168326 and SWIFT code: CAZRES2Z).
- d) Photocopy of the residence permit in the terms indicated in the requirement contained in Base 2.1.2., if applicable.
- e) Request for necessary adaptations in case of legally recognized disability.
- f) Other documentation that specifically requires the contractual modality or is required in the call.

Block III. Other documentation.

- g) Detailed curriculum vitae of the candidate, closed on the date of submission of the application and signed on all its pages, duly completed and having numbered the merits,

 <p>Universidad Zaragoza</p> <p>1474</p>	<p>Recruitment of Research Personnel in the Predoctoral modality (Article 21 of Law 14/2011 of 1 June, as amended by Article 19 of Law 17/2022 of 5 September)</p>	<p>Procedure No: PI-PRD/2024-003</p>
---	---	---

numbering that must correspond to the order and numbering of the documents supporting the merits that are included in block IV.

The model of standardized curriculum vitae (CVN) or any other that contains the merits in accordance with the evaluation criteria will be used preferably.

In any case, the merits must be duly justified to be assessed.

Block IV. Additional documentation.

h) Simple photocopies of the supporting documents of all the merits claimed.

The documents referred to in points (d), (e), (f) and (g) must be provided in Spanish. Failure by the applicant to sign the curriculum vitae shall result in exclusion from the procedure. When the application and the rest of the documentation are submitted by the electronic registration of the University, it will be understood that the curriculum vitae is signed with the electronic identification of the interested party.

Only the merits related to the curriculum vitae and documented that are possessed and presented within the deadline for the submission of applications will be considered.

The form and content of the documents supporting the merits submitted are the sole responsibility of the person concerned, without their extension, accession or replacement after the deadline for submission of applications.

2.3 Form of submission of documentation.

2.3.1 Submission through the University's website (<https://sede.unizar.es>) through the electronic register (<http://regtel.unizar.es>).

The files containing the documentation indicated in blocks I, II, III, referred to in Base 2.2., must be attached to the request in blocks, in pdf format, uncompressed and must not exceed the size of 10 Mb per block or, as a whole, 15 Mb. The file containing the Block IV documentation must be attached in compressed format (zip, gzip), unencrypted and without a password.

When more than one document is related in the block, they must be combined into a single pdf file in the order shown in Base 2.2.

As for the documentation of block IV, the documents must appear in the same order and with the same numbering that has been recorded in the curriculum.

The files, to be sent by the electronic register, must be named as follows:

BI_PIAC/PRD_xx_yyy_Calls_name.pdf.

BII_PIAC/PRD_xx_yyy_Calls_name.pdf.

BIII_PIAC/PRD_xx_yyy_Calls_name.pdf.

BIV_PIAC/PRD_xx_yyy_Calls_name.pdf.

(xx refers to calendar year and yyy to the three digits of the place number, from 001 onwards)

---	---	---

17.1. Applications for participation in the competition will be accompanied by the documentation in Base 2.2 and, in addition, as part of Blocks II and III, duly organized:

Block II. Administrative documentation to be admitted to competition:

f.1) Accreditation document of admission to a doctoral program issued by the Doctoral School or by the unit responsible for the Doctorate of the University. The registration in the Doctorate program or the proof of payment of the corresponding fees, in both cases stamped by the center, will be considered an equivalent document.

f.2) Official academic certificate duly completed by the corresponding center, in relation to all completed studies with which the doctorate is accessed. A certificate must be provided for each degree obtained that allows access to the doctorate (Bachelor, Engineering, Degree, etc., and Master), stating the stamp of the unit that issues it, the average grade of the degree, the number of ECTS credits and the date of completion of studies.

In the event that at the end of the application period the applicant has not completed the studies that give access to the doctorate, a complete academic certificate will be provided that must include all the subjects passed, with their ECTS credits and the grades obtained, as well as the average grade.

In the event that the qualification indicated in the previous paragraph has been obtained abroad and the corresponding academic certificate cannot be provided, the document of equivalence of average grades issued by the National Agency for Quality Assessment and Accreditation (ANECA) must be presented.

f.3) Applicants holding the Official Certificate of Medical Specialty (MIR) or Pharmaceutical Specialty (FIR) or holding the Official Certificate of Specialty in Biology (BIR), Chemistry (QUIR) or Psychology (PIR) or similar shall submit a copy thereof.

Block III. Other documentation

g.1) Curriculum Vitae of the researcher. The standardized curriculum vitae model (CVN) or any other model that contains the merits ordered according to the evaluation criteria indicated in article 18 of these General Bases will be used preferably. In any case, the merits must be duly justified to be assessed.

g.2) Memory, in a maximum of 1,000 words (including bibliography), of the research project to be carried out during the development of the contract, in which the tasks that the researcher will carry out will be detailed and the interest and viability of the same will be justified. This report must be signed by the director or directors of the Thesis project.

g.3) Applicants who rely on the assumption of care and attention of children under six years of age, or who have a disability equal to or greater than 33 percent, must state it in the application and attach supporting document.

17.2. For the purposes of the evaluation process, only the information, duly justified, contained in the curriculum vitae and in the report of the research trajectory and research line will be taken into account at the closing date for the submission of applications.

The predoctoral employment contract shall be concluded under the following conditions:

- a) The purpose of the contract will be to carry out research tasks, within the scope of a specific and novel project.
- b) The dedication of the research staff will be full-time and exclusive and must carry out the activities provided for in their training and specialization program in research, without being required to carry out other activities that are not related to the development of their research or training.
- c) The contract shall be concluded in writing between the predoctoral research staff in training, in their capacity as workers, and the University of Zaragoza, in their capacity as employers.
- d) The contract will be concluded under the modality of predoctoral contract, of fixed duration, with full-time dedication. The working day shall be 37 hours and 30 minutes per week, or its equivalent in the corresponding monthly or annual calculation. The vacation will be one month per full year of services and must be enjoyed coinciding with the vacation period of the teaching and research staff of the University.
- e) The duration of the contract will be one year, renewable for annual periods, for the duration of their stay in the program, until reaching in total count, at most, four years, from the date of incorporation of the researcher hired to his job.

Where the contract is concluded with a person with a disability, the contract may reach a maximum duration of six years, including extensions, taking into account the characteristics of the research activity and the degree of limitations in the activity.

In no case may workers be hired through this modality, in the same or different entity, for a longer time than indicated.

In any case, regarding the obtaining of the Doctorate degree, and for these purposes it is considered that it has been obtained on the date of the act of defense and approval of the doctoral thesis, allowing the continuity of the contract, which will have as its object the postdoctoral orientation, for a maximum period of twelve months. In any case, the duration of the contract may not exceed the maximum indicated in this section (e).

- f) The research activity developed by the predoctoral research staff in training will be evaluated annually by the academic commission of the doctoral program or, where appropriate, by the doctoral school, and may be cause for termination of the contract not to pass favorably said evaluation. In addition, the outcome of the evaluation will be decisive for the extension of the contract, if any.
- g) The provisions of the contract, the provisions of the collective agreement applicable to teaching and research staff hired by the University of Zaragoza and the regulations governing the specific work contract modalities of research staff approved by the University of Zaragoza, the regulations applicable and the provisions of Law 14/2011, of 1 June, on Science, Technology and Innovation, as amended by Article 19 of Law 17/2022 of 5 September and Royal Legislative Decree 2/2015, of 23 October, approving the consolidated text of the Law on the Workers' Statute, shall apply to those not provided for in these bases; in particular, Royal Decree 103/2019 of 1 March 2019 approving the Statute for Research Personnel in Training shall also apply.
